For purposes of this Agreement, the term "affiliate" shall mean, with respect to any person or entity, any other person or entity that controls, is controlled by, or is under common control with such person or entity.

During the term of its engagement by Industrial Heat, USQL agrees that it will not, and its employees and principals will not, except as permitted by the terms of this Agreement, disclose or use, either for itself or for the benefit of any third party, any confidential information relating in any way to the business and affairs of Industrial Heat or any of its affiliates. The provisions of this paragraph, however, shall not prevent USQL from use or disclosure of information (i) as necessary in the ordinary course of USQL's engagement by Industrial Heat, provided that USQL will not be allowed to communicate Confidential Information to third parties (including without limitation any suppliers) without Industrial Heat's prior written authorization, (ii) that is in the public domain (other than information in the public domain as a result of a violation of this Agreement by USQL), (iii) that USQL can demonstrate was acquired outside of its affiliation with Industrial Heat from a third party in rightful possession of such information and that is not prohibited from disclosing such information, or (iv) that USQL is required to disclose or produce by law or court order or pursuant to compulsory oral questions, interrogatories, requests for information or documents, deposition, subpoena, civil investigative demand or similar legal process, in which event USQL shall provide Industrial Heat with prompt notice of any request for such disclosure or production so that Industrial Heat may seek a protective order or other appropriate remedy and/or waive USQL's compliance with the provisions of this Agreement.

USQL further agrees that upon termination of its engagement or upon the prior demand of Industrial Heat, it will promptly return to Industrial Heat all items of equipment or any other property of Industrial Heat or any of its affiliates then in USQL's possession or control.

7. New Developments.

USQL further agrees that during the term of its engagement by Industrial Heat it will promptly disclose to Industrial Heat any and all improvements, inventions, developments, discoveries, innovations, systems, techniques, processes, formulas, programs and other things that may be of assistance to Industrial Heat or its affiliates, whether patentable or unpatentable, that (i) relate to the actual or demonstrably anticipated research or development by Industrial Heat or any of its affiliates, or (ii) result from any work performed by USQL for or at the request of Industrial Heat (collectively referred to herein as the "New Developments"). USQL agrees that all New Developments shall be and remain the sole and exclusive property of Industrial Heat and that it shall, upon the request of Industrial Heat, and without further compensation, but at the cost and expense of Industrial Heat, do all things reasonably necessary to insure Industrial Heat's or its affiliate's ownership of such New Developments, including without limitation the execution of any necessary documents assigning and transferring to Industrial Heat and its assigns all of USQL's rights, title and interest in and to such New Developments, and the execution of all necessary documents required to enable Industrial Heat to file and obtain patents in the United States and foreign countries on any of such New Developments. for “cause” during the Initial Term or at any time thereafter (i) immediately upon notice to USQL should USQL engage or be determined to have engaged in fraud or any act of material dishonesty, willful or criminal misconduct, or (ii) upon ten days prior notice to USQL that USQL has materially breached the Agreement, which failure or breach is not cured within the ten day notice period. Further, Industrial Heat may terminate this Agreement without “cause” during the Initial Term, provided that Industrial Heat shall pay the Contractor the balance of the Consultant Fee (as defined herein) due during the Initial Term, with such payment to be made at such times as it would have otherwise been due in accordance with the terms of this Agreement. If USQL terminates this Agreement at any time or if Industrial Heat terminates this Agreement for “cause” during the Initial Term, USQL shall, to the extent requested by Industrial Heat, promptly conclude all work then in process and Industrial Heat shall pay USQL for the balance of work performed to the date of termination in accordance with the compensation provisions hereof. Except as set forth in this paragraph, Industrial Heat shall not be obligated under this Agreement nor otherwise liable to USQL for any further payments following termination of this Agreement or for any costs, expenses, losses or damages arising out of or relating to a termination of this Agreement; as well as USQL shall not be obligated under this Agreement nor otherwise liable to Industrial Heat for any further payments following termination of this Agreement or for any costs, expenses, losses or damages arising out of or relating to a termination of this Agreement; provided, however, that nothing shall limit the liabilities or obligations of either party following termination of this Agreement that arise out of any breach of this Agreement by such party.
