Dear Tom and All:
I totally agree.
Warmest Regards
Andrea

>
> We still have problems to fix, but we already have got a success.
>
> The Customer told me they received the steam and their production is starting well. In particular, their director told me they are consuming a very low amount of electricity respect the usual. I am not yet able to give a precise number of the COP, but we have very long periods of self sustained mode.
>
> Surprisingly, the " Frankistein" (the big units) that we thought were more problematic , are going very well, while we have problems with several small units, which are yielding much less than expected, but, thanks to the big units, we are performing well globally. So far most of the job is mad by the Frankiestiens.
>
> Your invoicing will start from today at 7 p.m., when we reached the full power. I think the COP is very high, but I will be able to compute a solid number not before a tenth of days.
>
